What Love Is

Can it really be explained to its fullest?
Can it really be showcased to its maximum?
Philosophers have tried,
poets have struggled,
 but what is love really?

It cannot be explained but tested
It can't be seen but showed
It can't talk but people reply to it
It doesn't tell jokes but people smile to it
It can't be touched but people cry saying they have lost it.
 What is it really, love?

Some say it's blind,
But when those with a poor voice sing,
their loved ones appreciate,
Does that mean it's deaf too?
When people see those they had taken time to see,
some lose words to say,
this means it's dumb too?
 Then what's love?
